D.B.A. - Doctorate of Business Administration

SWISS-SASEM's DBA, Doctorate in Business Administration program is offered to professionals who wish to accomplish their managerial studies through research and applying practical aspects to learning for the future. It provides a flexible and independent alternative to traditional higher degree studies and is based on research and specialization in areas of professional practice.

The student must terminate the research methodology course, which will give him a narrow grounding in both, qualitative and quantitative research methods, and assure rapid progress in the completion of the program. Set of DBA courses, which are updated and modified each year, are offered throughout the year to support candidate's learning objectives and successful research process.

Objectives:

- Provide a high-quality doctorate in Business Administration.
- Extend professional knowledge through research and the application of personal competencies.
- Facilitate in-depth studies or areas in Business Administration.
- Provide access to the latest academic tools and concepts.
- Develop the ability to carry out independent research at an advanced level.

Structure:

Direct contact and guidance by highly qualified professors/experts to supervise the candidate's research. 75 credit hours of research methodology and courses/seminars.
A final Thesis report must be submitted to the Academic Counsellor prior to the Defense.

Duration of the program: 3 to 4 years
